

The innovation of metallic in transfer printing

Have you always wondered how to print onto hard surfaces with gold and silver, without large investment in equipment?

Your dream came true! By using an ordinary Black/White or CMYK printer you will obtain high quality and unique transfer printings in GOLD and SILVER. It's even worth for small runs!

With the new Multi-Trans Gold and Silver, you will be able to print on to hard and closed surfaces, like ceramic, glass and metal, in a cost effective way.

Increase your portfolio and amaze your customers.
